## From Pastor B.

**Y**es it is July and the summer is full of its usual happenings, some days with too much heat and humidity and then stormy weather that at time brings to much rain. Such is the world in which we live. We are affectionately known as the hearty Nebraskans who know that if you don't like the weather wait just a few minutes. It is my daily prayer that those of you in the Heartland family are safe and well as we rejoice in all of the time, talents and resources that you provide for the school even during the summer months.

**A**s you are all very well aware of, our financial situation is one in which every single dollar matters. We have a large bond payment being made the first of July and the ongoing expenses of operating a

school do not cease when school is out. These commitments have to be made and bills have to be paid and if not the school could very easily close its doors. As it is with your individual financial obligations, in living a Christian lifestyle we are aware of all of the gifts that the Lord has given us. We as Christians are also aware of the many obligations that we have and know full well that the Lord desires us to meet those obligations; in this case as they refer to Heartland Lutheran High School.

**M**any individuals may feel that the tuition that is paid by families covers the cost of providing instruction to their children. In fact, the average per pupil cost is between \$12,000 and \$13,000 per student. This involves not only the textbooks and teacher's salaries but the

upkeep on our buildings and the paying of our indebtedness. You can see how critical it is for all of our families to keep up with their tuition payments as the school year has ended and the summer runs quickly into the new school year. On the website are a number of items that address this financial need and I would ask that you take a moment to look through them.

**A**s the Lord has blessed you with many things, I would ask that you help Heartland in any way, manner or form within your capabilities or capacities. It is our mission to provide our young men and women with the best possible mix of faith and learning possible in a Lutheran school setting. This mission can only be accomplished with your help.

## REMINDER for Parents

All students who wish to participate in athletics at HLHS (including cheer/dance) must have a current sports physical and a signed parent NSAA consent form on file prior to the beginning of fall practices. Practices begin on August 15 with conditioning beginning on August 9. NSAA forms and physical forms are available in the school office.

## Registration/Tuition Reminders

This is a reminder to all parents and students; no student will be permitted to register and start fall classes unless all financial obligations are met. All students must have paid the registration fee, activity fee and school supply fee before they can start class. All tuition owed from previous years must be paid in full before a student may begin a new school year. If there are issues, families are to contact the principal.

It is with regret that Heartland has to take a strong stance in financial matters but it is necessary for us to keep our school running in the black. We respectfully ask that all of our families meet their financial obligations to the school, if this is accomplished our prayers have been answered in helping us to maintain financial stability.

## Memorials

### Received in May/June

## FROM OUR DEVELOPMENT DIRECTOR—Lloyd Wagnitz

The 10 Years and Beyond campaign has taken on a “new” identity and is gaining momentum.

There are two goals of the campaign:

1. Raise necessary funds for operating expenses so more focus can be put on developing higher education and establish the “education of excellence” desired.
2. Reach 100 students attending Heartland Lutheran High School.

Do you have faith like Noah? Noah had faith to build the ark even though everyone thought he was crazy. HLHS has been built even though there were and are many that do not think our school was needed or that it will survive. It is time to put the faith to work and build for the FUTURE of our MINISTRY!

There are several programs that support the 10 Years and Beyond campaign, that will support the school and hold it up through all the huge waves of turmoil from the world just like the water held the ark up and kept Noah, his family, and the animals safe from the flood.

ARK Stabilizer – Looking for as few as 530 “Noahs” to make commitment of monthly payments

Hornet Day Sponsor – Sponsor a day at HLHS and dedicate it to a person or special event

Harvest for HLHS – Farmers can make a commitment of acres/bushels & give the harvest to HLHS

Adopt a Student & Septemberfest – Raise funds for tuition assistance

Angel Food Ministries – Food sales at discounted prices

Hornet Prayer Warriors – Group of dedicated prayer warriors praying for school and requests

Are you a “Noah”? Would you like to participate in the 10 Years and Beyond program and build the FUTURE of the MINISTRY at Heartland Lutheran High School?

Check our website for more details, or call the school for brochure or to make an appointment to visit with us and find out how you can participate in this exciting INVESTMENT of the FUTURE of Heartland Lutheran High School.

Is God calling you to get on board the ark?
